ASAD IFTIKHAR

Phone No: +9203252358908
Email: *asadiftikhar1995@gmail.com*

Career Objective:

Dedicated and detail-oriented 3D modeling and visualization artist with a strong passion for creating realistic and innovative visual representations. Skilled in using industry-standard software such as, 3ds Max, and Adobe Creative Suite to develop high-quality 3D models, animations, and visualizations. Seeking to leverage my technical expertise and creative skills to contribute effectively to a dynamic design team, delivering compelling visual solutions that enhance project presentations and client satisfaction. Committed to continuous learning and staying updated with the latest trends and technologies in 3D visualization.

SUMMARY OF EXPERIENCE

3D Visualization

3D Architectural & Rendering services – Pixarch
24-Feb-2020 – 25-07-2025

"Creative And Detail-oriented 3D Visualization Artist with 5 Years of experience in Interior & Exterior Design Visualization.
Skilled in creating photorealistic renders, conceptual models, and immersive visual presentation using industry-standard software".

Skills :

- 3D Modeling: [Autodesk 3ds Max, Sketch Up]
- Rendering & Visualization: [V-Ray,]
- Post-Processing: [Photoshop, After Effects]
- Animation & Motion Graphics
- Architectural Visualization & Product Rendering
- Strong understanding of lighting, texturing, and materials
- Attention to detail and creativity

Duties & Responsibilities includes:

- Creating 3D Models: Develop accurate and detailed 3D models of architectural designs, products, or environments based on sketches, drawings, or specifications.
- Rendering and Visualization: Produce high-quality, realistic renders and visualizations for presentations, marketing, or client approvals.
- Collaborating with Design Teams: Work closely with architects, interior designers, engineers, and clients to understand project requirements and translate concepts into visual formats.
- Texture and Material Application: Apply appropriate textures, materials, and lighting to enhance realism and visual appeal of the models.
- Scene Composition: Set up scenes, camera angles, and lighting to effectively showcase the design features.
- Revisions and Feedback: Incorporate feedback from clients and team members to refine visualizations and ensure they meet project needs.
- Technical Optimization: Optimize models and renders for different platforms, ensuring efficient loading times and compatibility.
- Stay Updated with Tools and Trends: Keep abreast of the latest 3D visualization software, techniques, and industry trends to improve output quality.
- Documentation and Presentation: Prepare visual materials and documentation for presentations, proposals, or marketing purposes.
- Troubleshooting and Problem Solving: Address technical issues related to modeling, rendering, or software tools promptly.

Additional Responsibilities may include:

- Assisting in the development of visual standards and workflows.
- Managing multiple projects simultaneously while adhering to deadlines.
- Participating in client meetings and presentations to explain visual concepts.

Academic Qualification

- **Diploma in Civil Engineering** *from Sindh Board of Technical Education Karachi with First Division,*
- **Matric** Computer Science Board of Secondary Education Karachi,
- ***AutoCad 2D/3D*** *Skill Development Council Karachi,*
- **Adobe Photoshop** Pak Collage Of Computer And Business Education,
- **Computer Literacy Program (C.L.P)** CadCom Education Systems Nazimabad Karachi,
- **Architectural Visualization** As Computer Institute,
- **Advance Exel** Pak Collage Of Computer And Business Education,

Computer Proficiency:

- *AutoCAD.*
- *Autodesk 3D Max Studio*
- *Computer Lieracy Program*
- *Advance Excel*
- *Adobe Photoshop*
- *Adobe illustrator*
- *Adobe After Effect*
- *Revit*

Personal Information:

ASAD IFTIKHAR

Father's Name	:	*Iftikhar Ahmed*
Date of Birth	:	*August 13, 1995*
